What happens when we place Shakespeare's Sonnets into a possible chronological order of their composition? What happens if we then include the sonnets embedded within Shakespeare's plays among them (for example from *Romeo and Juliet*)? These ground-breaking questions are answered by Professor Sir Stanley Wells and Dr Paul Edmondson in their new edition *All the Sonnets of Shakespeare* (Cambridge UP). This seminar looks at several individual sonnets in light of this fresh approach and includes audio readings from *All the Sonnets of Shakespeare* by Sir Kenneth Branagh and Lolita Chakrabarti.
